

**Extension
5.2****Practice**

For use after Extension 5.2

Use a graph to tell whether x and y are in a proportional relationship.1.

x	2	3	4	5
y	5	7	9	11

2.

x	1	2	3	4
y	3	6	9	12

3.

x	1	2	3	4
y	2.4	4.8	7.2	9.6

4.

x	2	4	6	8
y	2	3	4	5

**Extension
5.2**

Practice (continued)

Interpret each plotted point in the graph of the proportional relationship.
